Special information about overseas orders –

Overseas orders are defined as outside the continental United States, with the exceptions:

- Hawaii
- Alaska
- U.S Possessions
- FPO's

To keep shipping costs as low as possible, CDs sent to overseas addresses – do not include the plastic jewel case. It is almost unbelievable how much the cost of a lightweight plastic case affects the shipping costs – but – there you are!

You will still receive:

- The CD(s) you order
- All paperwork (inserts)
- The “J-card” (album cover) - Autographed, if you would like

You can easily use your own jewel case to rebuild an album since all the items normally packaged with the CD(s) are included. Or not – it's your choice!

Best regards –
